YOUR WASTE PAPER SOFTENS UP THE ENEMY

Showers of propaganda leaflets are falling on Germany these days. By themselves, they might not be so effective. But when punctuated by bombs, they

certainly undermine morale. This is only one of the thousands of jobs for waste paper products in this war. Waste paper makes or wraps 700,000 other items, too. Today waste paper is our No. 1 war shortage! Make a habit of saving waste paper. Help to soften up the enemy!
